

# AWARDS

## **Meritorious Awards for Eminence in Ornithology, Conservation, Civic Affairs and for Service to the Audubon Society of Greater Cleveland**

### **Seeley Award**

This award was started by, and named after, Warner Seeley, an original member of The Cleveland Bird Club. He put money into the budget and asked that it be used to give an award each year to an outstanding member of the Audubon Society of Greater Cleveland that made a special contribution that year to the club.

### **Award of Merit**

The Award of Merit is given to person(s) or organization(s) outside of the Audubon Society of Greater Cleveland that has done something special for birds, conservation and/or the environment.

### **Unspecified Awards**

Our historical records also indicate other award recipients, but there is no indication as to whether they received the Award of Merit or the Seeley Award.
